

Lakeland Regional Health Medical Center

Billing Providers Directory

Healthcare practitioners who provide services in the hospital may or may not participate with the same health plans as the hospital, and they may not participate with all of the products (i.e. HMO, PPO, Behavioral Health) offered by that plan. These practitioners may/will bill separately from other providers.

Patients should contact the healthcare practitioner who will provide services in the hospital to determine which health plans the practitioner participates in as a network provider.

Always check with your health plan to confirm hospital participation.
