

BRAVE is a program at Lakeland Regional Health that is dedicated to pediatric patients who have autism spectrum disorder, sensory processing disorder and any pervasive developmental disorders. BRAVE was created to improve the hospital experience of our patients and provide individualized care for those with sensory conditions.

For more information on the BRAVE program and to watch a resourceful video for those caring for an individual with a sensory condition, please visit:

<https://www.mylrh.org/brave/>

This list is intended to be used as a resource for families seeking out community resources for children with autism and/or other sensory conditions.
