- Completing the information will submit the appropriate information to get the Portal account created.

EpicCare Link

Easy, paperless referrals.
Automatic follow-up.
Nothing to install.

A simple way to share for better patient care...

We'll keep you informed about their care.

With automatic messages about important events, you can have the latest information about your patient's treatment.

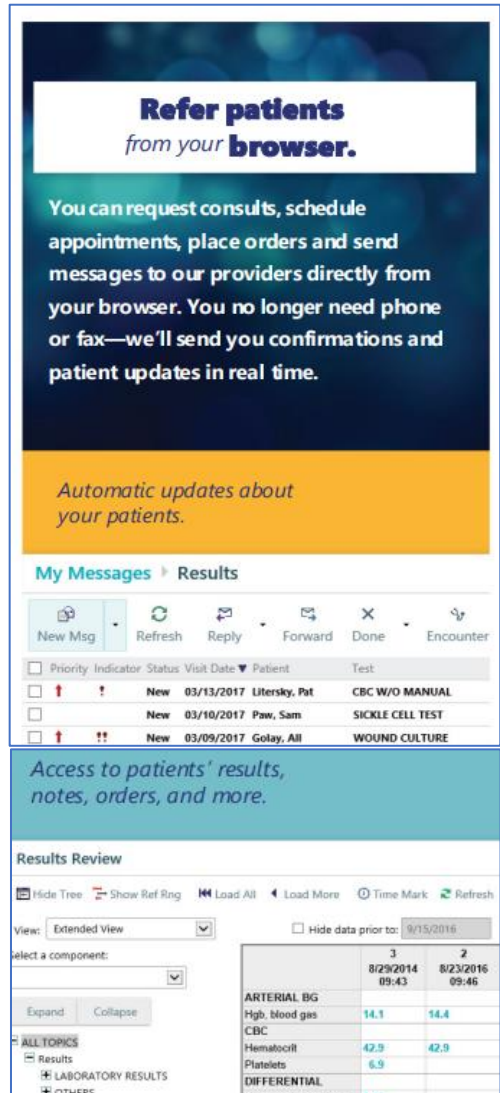

We'll notify you to log in to see:

- Lab, imaging and test results
- PACS images and scanned files
- Orders placed by our physicians

...and more

It's all online.
No software to install.

This online portal provides secure, convenient access to patient information through your browser—when and where you need it. Your access is easy to set up and there's no software or hardware to maintain, so you can concentrate on caring for your patients.

Refer patients from your browser.

You can request consults, schedule appointments, place orders and send messages to our providers directly from your browser. You no longer need phone or fax—we'll send you confirmations and patient updates in real time.

Automatic updates about your patients.
